Finding your way around PebblePad

Step 1: personalising the way PebblePad looks – select the tools pebble and select my settings.

Step 2: customise the theme and appearance. When ready click on the green tick at the bottom right of the screen.

Step 3: contributing to the ESCalate e-learning blog and exploring some of the resources. Select the view pebble and click on my assets.

my assets	received	search
	title	date
	Hello and welcome	25 Mar 2009
	How/are you currently using technology in your	25 Mar 2009
	Resources that you might find useful	25 Mar 2009
	How/are you currently using technology in your	25 Mar 2009
	ESCalate e-Learning	25 Mar 2009
	A meeting template - Insert your group name	25 Mar 2009
	A group presentation	25 Mar

You will now see this screen. Select the asset with the cog icon and then select view and post to blog. When you are ready close the blog and return to this asset screen. You can return to this blog at any time during the workshop.

Step 4: explore the 5 assets below the blog. Select the asset and select view.

NB: with the PGCE entry profile select edit rather than view.

Step 5: exploring and creating your own PebblePad assets.

- Return to the pebble beach;
- Select create new;
- Work through the scaffolded templates.
- Enjoy!

Wave your hands if you need me ☺.
